1/ Announced cooperative Class I prices are obtained from the Class I price announcements sent by the major cooperative in selected city markets to all handlers who buy milk from them. These over-order prices include charges for various services performed by the cooperative. In some instances, these over-order prices may not include all credits that may be allowed. These prices have not been verified as having been actually paid by handlers. "Average for All Cities Combined" is the simple average for all of the selected cities reported for the month.
