

List of USDA-Authorized Organic Certifying Agents by Name

Nearly 80 agents are currently authorized to certify farms and businesses to the USDA organic regulations. Most USDA-accredited certifying agents are allowed to certify farms and businesses anywhere in the world. Farmers, ranchers, and processors may choose to work with any USDA-accredited certifying agent.

To help narrow your search, this list shows certifying agents that have recently certified farms and businesses in various countries. To find a certifying agent that currently works in your country, search for the certifying agent either alphabetically or by using your computer's "find" function (usually Control + F). If the name of certifying agent you seek is not listed, then you may want to contact a certifying agent who currently works in a neighboring country.

You should contact individual certifying agents to ask if they are able to certify your farm or business.
