

USDA Poultry Export Verification Program Specified Product Requirements for the European Union

1 Purpose

This document provides the specified product requirements for marketing U.S. Poultry to the European Union (EU) under the USDA Poultry Export Verification (PEV) Program.

2 Scope

These requirements apply to U.S. growers that supply poultry to slaughter and processing establishments that are eligible for export to European Union as listed on the Food Safety and Inspection Service (FSIS) website. Growers who wish to supply poultry as meeting the specified product requirements for EU under the PEV Program must meet these requirements through an approved USDA Quality System Assessment (QSA) Program.

4 Specified Product Requirements

The supplier shall prepare and maintain a Good Manufacturing Practices (GMP) manual that contains requirements for the production farm and production office. The GMP manual must contain the following documentation (at a minimum):

4.1 Production Farm Requirements

- 4.1.1 Standard Operating Procedures (SOPs) for biosecurity (dead bird disposal methods, chlorinator use, farm logs for visitors, type of housing for poultry (screened housing), sanitation stations, footbaths, pest control programs, etc.).
- 4.1.2 Feed Delivery records.
- 4.1.3 Mortality records.
- 4.1.4 Vaccination records (specifics of the type of vaccination program).
- 4.1.5 Medication records (On farm records should have documentation of withdrawal times).
- 4.1.6 Internal audits conducted by service technician on established GMP's and corrective actions taken if deficiencies are observed. A formal audit shall be conducted before starting the EU program and once during the life of the flock. The record of the internal audit shall be sent to a company representative for signature of the EU certificate.

"The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program (not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer." (Updated July 18, 2005)

4.2 Production Office Requirements

- 4.2.1 Documented testing program.
- 4.2.2 Specific type of vaccination programs used.
- 4.2.3 Record of Service technicians internal audits.
- 4.2.4 Record of formulations (to show medications used in feed relate to records of inventory control and feed delivery). **Verify that Ractopamine is not part of the feed formulation.**
- 4.2.5 Drug inventory control records.
- 4.2.6 Quality Assurance reports for feeding, residue testing, pellets, time, temperature, and microbiological.
- 4.2.7 Records of specifications for ingredients.
- 4.2.8 Records of water quality testing results.
- 4.2.9 Records of housing specifications.
- 4.2.10 Records of housing maintenance requirements
- 4.2.11 Records of pest control program.
- 4.2.12 Records of feed withdrawal program (for residue and contamination control and representative notified about withdrawal times).
- 4.2.13 Records of residue control program with test results.
- 4.2.14 Records of NPIP breeder flock registration or proof of health program for *S.pullorum*, *S.gallinarum*, *M. gallisepticum*, and *M. synoviae*.
- 4.2.15 Records of hatchery sanitation program or participation in the NPIP Sanitation monitored program.
- 4.2.16 Records of vaccination program.
- 4.2.17 Records for hatchery microbiological results with type of sampling program.
- 4.2.18 Records of feed deliver.
- 4.2.19 Affidavit sent from the production farm to the slaughter facility attesting to the following animal health requirements:
 - Production farms do not utilize Canadian born poultry except those imported only as “day-old”. “Day-old” chicks are “all poultry less than 72 hours old, not yet fed and muscovy ducks (*Cairina moschata*) or their crosses, less than 72 hours old whether or not fed”.
 - Poultry being delivered to slaughter facility are not from flocks that are under quarantine.
 - Flocks are located over 10 km away from the Mexican border.
 - Poultry have not been vaccinated against avian influenza.
 - Ractopamine is not part of the feed formulation.
- *See attached Sample Affidavit at the end of this document*

A checklist is provided for auditors and industry representatives to verify the specified requirements listed above and to document audit findings. The checklist is divided into six sections: item number,

"The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program (not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer." (Updated July 18, 2005)

verification audit item, measurement/verification, auditor instructions, item conformance, and observations/comments (see Exhibit 1).

5 Listing of Approved Programs

U.S. suppliers that have an approved USDA QSA Program and have demonstrated the ability to produce products in accordance with this Procedure will be listed on the *Official Listing of Eligible Suppliers for the Poultry Export Verification (PEV) Program for the European Union*.

6 Responsibilities

U.S. suppliers must meet all requirements outlined in this Procedure, *Quality Systems Verification Program General Policies and Procedures*, and the *QSA Program*.

"The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program (not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer." (Updated July 18, 2005)

Poultry Export Verification Checklist

Item #	Verification Audit Item	Measurement/Verification	Auditor Instructions	Conformance Yes/No	Observations/Comments
4.1	ON-FARM PRODUCTION REQUIREMENTS				
4.1.1	SOP's for biosecurity	<ul style="list-style-type: none"> Written company-approved biosecurity SOPs 	Verify Biosecurity SOPs		
4.1.2	Feed delivery records	<ul style="list-style-type: none"> On-farm feed tags for the flock showing batch/lot/mill producing the feed, formulation identifier and date of delivery 	Check for on-farm records as specified.		
4.1.3	Mortality records	<ul style="list-style-type: none"> Record showing daily mortality. 	Verify availability of records.		
4.1.4	Vaccination records	<ul style="list-style-type: none"> Record of vaccination date and vaccine used 	Verify vaccination records as specified.		
4.1.5	Medication records	<ul style="list-style-type: none"> Feed tags and/or written logs of any medication used in the water. 	Verify medication records as specified.		
4.1.6	Internal Audits	<ul style="list-style-type: none"> Performed Quarterly if shipping product, else an initial audit and then yearly. Retain for one year. 	Verify internal audits are conducted on a quarterly and yearly basis.		
4.2	PRODUCTION OFFICE REQUIREMENTS				
4.2.1	Poultry and breeder vaccination program	<ul style="list-style-type: none"> Poultry vaccination program (application method, age, type of vaccine) with range of dates of use, vaccines, records of vaccine purchases. More than one program may be in use at any time. In such a case, the farms under each program should be specified. 	Review program as specified.		
4.2.2	Type of vaccination programs used	<ul style="list-style-type: none"> Program states the type of vaccination programs maintained 	Review the type of programs.		

Exhibit 1

Item #	Verification Audit Item	Measurement/Verification	Auditor Instructions	Item in Conformance Yes/No	Comments
4.2.3	Service technician internal audits	<ul style="list-style-type: none"> Record of audit performed by the service technician for each flock reviewing compliance with Good Manufacturing Review Program. 	Verify servicemen internal audit records ?		
4.2.4	Formulations	<ul style="list-style-type: none"> Feed formulations showing drugs used, amount and range of dates in use. Ractopamine shall not be used in formulation. 	Verify formulations contain the required information. Verify that ractopamine is not part of the feed formulation.		
4.2.5	Drug inventory control	<ul style="list-style-type: none"> Records of drug inventory providing purchase and use information. 	Verify inventory records as specified.		
4.2.6	Quality Assurance for feed: residue testing and pellet quality (time, temperature, and microbiological).	<ul style="list-style-type: none"> Feed ingredient residue test protocol and reports. Pellet quality testing protocol and reports for time, temperature and microbes. 	Verify records as specified.		
4.2.7	Specifications for ingredients	<ul style="list-style-type: none"> Written specifications used for purchase of ingredients. 	Verify records of specifications for ingredients and that ingredients match specifications.		
4.2.8	Water quality testing	<ul style="list-style-type: none"> Water quality testing records. 	Verify records for water testing.		
4.2.9	Contractual housing specifications	<ul style="list-style-type: none"> Language in current grower contract relating to housing specifications. 	Verify records for housing specifications.		
4.2.10	Contractual requirements for housing maintenance	<ul style="list-style-type: none"> Language in current grower contract relating to housing maintenance. 	Verify records for housing maintenance.		
4.2.11	Pest control program	<ul style="list-style-type: none"> Rodent control program. Records for purchase of rodent control supplies. 	Verify records for pest control program.		

Exhibit 1

Item #	Verification Audit Item	Measurement/Verification	Auditor Instructions	Item in Conformance Yes/No	Comments
4.2.12	Feed withdrawal program	<ul style="list-style-type: none"> Feed withdrawal protocol. 	Verify records of feed withdrawal program.		
4.2.13	Residue control program (test results)	<ul style="list-style-type: none"> Log with sampling and testing records. Protocol for sampling and testing. Medicated feed withdrawal records. 	Verify records that a residue testing program is in place.		
4.2.14	NPIP breeder flock registration or proof of health program for <i>S. pullorum</i> , <i>S. gallinarum</i> , <i>M. gallisepticum</i> , and <i>M. synoviae</i> .	<ul style="list-style-type: none"> Records of NPIP breeder flock registration in MG, MS and Pullorum-Typhoid Programs or comparable in-house monitoring. 	Verify records are in compliance with NPIP breeder flock registration and health program for <i>S. Pullorum</i> , <i>S. gallinarum</i> , <i>M. gallisepticum</i> , and <i>M. synoviae</i> ..		
4.2.15	Hatchery sanitation program or participation in the NPIP sanitation monitored program	<ul style="list-style-type: none"> Status in NPIP Sanitation-monitored Program or protocol for sanitation program. <p>NOTE-IF THE HATCHERY IS IN THIS PROGRAM, YOU WON'T NEED TO DO 4.2.18.</p>	Verify records are in compliance with NPIP sanitation monitored program. Or review protocol and records verifying program is in practice.		
4.2.16	Records of vaccination program	<ul style="list-style-type: none"> Vaccination program and vaccination records. 	Verify records that a vaccination program is in place.		
4.2.17	Records for hatchery microbiological results. (Type of sampling)	<ul style="list-style-type: none"> Sampling protocol and testing records or logs. 	Verify records for hatchery microbiological test results and sampling protocol.		
4.2.18	Control of feed delivery	<ul style="list-style-type: none"> Records of delivery showing batch/farm/date/drug. 	Verify feed delivery records as specified.		
4.2.19	<p>Affidavit sent from the production farm to the slaughter facility attesting to the following animal health requirements:</p> <ul style="list-style-type: none"> Production farms do not utilize Canadian born poultry 	<ul style="list-style-type: none"> Affidavit and additional records verifying conformance. 	Verify affidavit and any other records confirming that these animal health requirements are being met.		

Exhibit 1

	<p>except those imported only as “day-old”. “Day-old” chicks are “all poultry less than 72 hours old, not yet fed and muscovy ducks (<i>Cairina moschata</i>) or their crosses, less than 72 hours old whether or not fed”.</p> <ul style="list-style-type: none">• Poultry being delivered to slaughter facility are not from flocks that are under quarantine.• Flocks are located over 10 km away from the Mexican border.• Poultry have not been vaccinated against avian influenza.• Ractopamine is not part of the feed formulation.

**Poultry Export Verification (PEV) Program
Producer Affidavit**

Serial Number: _____
 PEV Approval No: (if applicable): _____
 Date of Dispatch: _____
 Total Number of Poultry: _____
 Owner/Producer/Agent Name and Address:

I, _____, am the present *owner of/producer of/agent for*¹ the identified poultry and have directly controlled or taken full responsibility for relevant practices applied in their raising². I do affirm that the poultry covered by this certificate have met the following criteria while under my control:

- Production farms do not utilize Canadian born poultry except those imported only as “day-old”. “Day-old” chicks are “all poultry less than 72 hours old, not yet fed and muscovy ducks (*Cairina moschata*) or their crosses, less than 72 hours old whether or not fed”.
- Poultry being delivered to slaughter facility are not from flocks that are under quarantine.
- Flocks are located over 10 km away from the Mexican border.
- Poultry have not been vaccinated against avian influenza.
- Ractopamine is not part of the feed formulation.

Description of Animals					
Unique Identification from Producer (flock lot number)	Number of Poultry in Lot	Sex of Poultry (if applicable)	Breed Description	Age	Received with Producer Affidavit (list serial number and attach copy)

Transfer to:

- Hatchery Unit: _____
- Growing Unit: _____
- Slaughter Establishment (Est. No.): _____

I certify that all statements made herein are true to the best of my knowledge.

SIGNATURE: _____ DATE: _____

Print Name and Title: _____

WARNING: Persons willfully making false, fictitious, or fraudulent statements or entries are subject to fine or imprisonment or both as prescribed by Title 18 U.S. Code 1001.
