

2012 §205.603 Synthetic Substances Allowed

Name	Spring Meeting	Fall Meeting
(a) as disinfectants, sanitizers, and medical treatments as applicable.		
1. Alcohols (i. ethanol, ii. isopropanol)		yes
2. Aspirin		yes
3. Atropine	yes	
4. Biologics – Vaccines	yes	
5. Butorphanol	yes	
6. Chlorhexidine	yes	
7. Chlorine materials (i. calcium hypochlorite, ii. chlorine dioxide, iii. sodium hypochlorite)		yes
8. Electrolytes	yes	
9. Flunixin	yes	
10. Furosemide		yes
11. Glucose	yes	
12. Glycerine		yes
13. Hydrogen peroxide	yes	
14. Iodine	yes	
15. Magnesium Hydroxide	yes	
16. Magnesium Sulfate		yes
17. Oxytocin	yes	
18. Ivermectin	yes	
19. Peroxyacetic/acetic acid	yes	
20. Phosphoric acid	yes	
21. Poloxalene		yes
22. Tolazoline	yes	
23. Xylazine	yes	
(b) as topical treatment, external parasiticide, or local anesthetic as applicable.		
1. Copper Sulfate		yes
2. Iodine	yes	
3. Lidocaine		yes
4. Lime, hydrated	yes	
5. Mineral oil	yes	
6. Procaine		yes
7. Sucrose octanoate esters	yes	
(c) as feed supplements----None.		
(d) as feed additives.		
2. Trace minerals	yes	
3. Vitamins	yes	
(e) as synthetic inert ingredients . . .		
1. List 4-Inerts of minimal concern (covered under crops committee)		yes
(f) Excipients, . . .	yes	
§ 205.604 Nonsynthetic substances prohibited for use in organic livestock production.		
The following nonsynthetic substances may not be used in organic livestock production:		
(a) Strychnine	yes
