The accompanying exhibit is entered into testimony of the Federal Milk Marketing Order I hearing in Alexandria, VA on September 10, 2002 at the request of Charles English, esq. The exhibit consists of copies of Federal Milk Marketing Order 7 "Public Producer Milk by County/State" report for the months of March and August 2000, March and August 2001, and March 2002 and data pertaining to Class I Route Sales into Federal Orders 6 and 7 since January 2000 that originated from plants located in Federal Order I, for months in which such data is not restricted for confidentiality reasons.

The "Public Producer Milk by County/State" report lists total pounds of producer milk pooled on Federal Order 7 by state and county of origin for all counties in which there are three or more producers. The release of similar data for Federal Order 6 is restricted for confidentiality reasons, due to the fact that fewer than three handlers account for the total volume of milk marketed on that Order.

Data related to Class I Route Sales into Federal Orders 6 and 7 by plants regulated on Federal Order I is presented for those months since January 2000, in which three or more Federal Order I plants supplied product to those markets. Similar data regarding Class I Route Sales into Federal Order I by plants located in Federal Orders 6 and 7, for all months since January 2000, is restricted due to the presence of less than three handlers selling product into Federal Order I.
