1/ Information is available for all Federal milk marketing areas except the Northeast and Southwest. See 3/.

2/ Figures are weighted averages of all the over-order charges applicable to the volume of milk used Class I spread over 100 percent of the producer milk used in Class I. Price is calculated using the base location of each order area. Includes some producer milk for which there was no over-order charge.

3/ Figures are weighted averages of the available individual marketing area data; includes information for the Arizona order which is administratively confidential.
