DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

June 14, 2007.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Farm Service Agency

Title: Food Aid Request Entry System (FARES).

OMB Control Number: 0560-0225.

Summary of Collection: The Agricultural Trade Development and Assistance Act of 1954, as amended (Title II, Pub. L. 480), Section 416(b) of the Agricultural Act of 1949, as amended, (Section 416(b)), Food for Progress Act of 1985, as amended (Food for Progress), and the International School Lunch Program, known as the Global Food for Education and Child Nutrition Act, authorizes Commodity Credit Corporation Export Operations Division and Bulk Commodities Division to procure, sell, transport agricultural commodities and obtain discharge/delivery survey information. Commodities are delivered to foreign countries through voluntary agencies, United Nations World Food Program, the Foreign Agricultural Service, and the Agency for International Development. The program information will be electronically captured, requirements validated, and improved commodity request visibility will be provided via FARES web-based application technology tool. The FARES is for the customers to submit online to process the commodity request electronically and to access the information.

Need and Use of the Information: The Farm Service Agency will collect the following information from FARES: The name of the Private Voluntary Organization, the program, the types of commodities being requested for export, quantities of commodities, destinations of commodities, and special requirements for packaging. Without this information collection process, Kansas City Commodity Office would not be able to meet program requirements.

Description of Respondents: Not-for-profit institutions; Business or other-for-profit; Federal Government.

Number of Respondents: 305.

Frequency of Responses: Reporting: Other (bi-weekly/bi-monthly).

Total Burden Hours: 1,708.

Ruth Brown,

Departmental Information Collection Clearance Officer.

[Docket AMS-FV-2006-0201; FV-06-314]

United States Standards for Grades of Parsley

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: The Agricultural Marketing Service (AMS) of the Department of Agriculture (USDA) is revising the voluntary United States Standards for Grades of Parsley. Specifically, AMS is revising the standards to allow percentages to be determined by count rather than weight. AMS is also eliminating the unclassified category. The revisions would bring the standards for parsley in line with current marketing practices, thereby improving the usefulness in serving the industry.

DATES: *Effective Date:* July 20, 2007.

FOR FURTHER INFORMATION CONTACT: Vincent J. Fusaro, Standardization Section, Fresh Products Branch; (202) 720-2185. The United States Standards for Grades of Parsley are available either through the address cited above or by accessing the AMS, Fresh Products Branch Web site at: <http://www.ams.usda.gov/standards/stanfrfv.htm>.

SUPPLEMENTARY INFORMATION: Section 203(c) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627), as amended, directs and authorizes the Secretary of Agriculture "To develop and improve standards of quality, condition, quantity, grade and packaging and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices." AMS is committed to carrying out this authority in a manner that facilitates the marketing of agricultural commodities. AMS makes copies of official standards available upon request. The United States Standards for Grades of Fruits

and Vegetables not connected with Federal Marketing Orders or U.S. Import Requirements no longer appear in the Code of Federal Regulations, but are maintained by USDA, AMS, Fruit and Vegetable Programs. AMS is revising the voluntary United States Standards for Grades of Parsley using procedures that appear in Part 36, Title 7 of the Code of Federal Regulations (7 CFR part 36). These standards were last published on July 30, 1930.

Background

Prior to undertaking research and other work associated with revision of the grade standards, AMS published a notice in the **Federal Register** (71 FR 41755) on July 24, 2006, soliciting comments on the possible revisions to the United States Standards for Grades of Parsley. A subsequent notice was published in the **Federal Register** (71 FR 77366–77367) on December 26, 2006, soliciting comments on allowing percentages to be determined by count rather than weight and eliminating the unclassified category. In response to this notice, AMS received one comment from an industry group representing receivers. The comment is available by accessing: <http://www.regulations.gov/fdmspublic/component/main> or AMS's Fresh Products Branch Web site at: <http://www.ams.usda.gov/fv/fpbdoctlist.htm>.

The commenter was in favor of the proposed revision to allow the percentages for tolerances and defects to be determined by count rather than weight.

AMS is eliminating the unclassified category from all standards as they are revised. This category is not a grade and only serves to show that no grade has been applied to the lot. It is no longer considered necessary.

Based on the comment received and the information gathered, AMS is revising the parsley standards to allow percentages for tolerances and defects to be determined by count rather than weight and will remove the unclassified category.

The official grade of a lot of parsley covered by these standards is determined by the procedures set forth in the Regulations Governing Inspection, Certification, and Standards of Fresh Fruits, Vegetables and Other Products (Sec. 51.1 to 51.61).

The revisions to the United States Standards for Grades of Parsley will become effective 30 days after publication of this notice in the **Federal Register**.

Authority: 7 U.S.C. 1621–1627.

Dated: June 14, 2007.

Lloyd C. Day,

Administrator, Agricultural Marketing Service.
