1/ This table contains annual averages of the monthly information obtained from the Class I price announcements sent by the major cooperative in each city market to all handlers who buy milk from them. These over-order prices include charges for various services performed by the cooperative. In some instances, these over-order prices may not include all credits that may be allowed. These prices have not been verified as having been actually paid by handlers. Annual averages were not computed if prices for all 12 months were not available.

2/ The data for these cities does not include the impact of the Northeast Dairy Compact, which began operations in July 1997, and ceased operation on 9/30/2001.

3/ The price series for these cities were discontinued during the applicable year as follows: Little Rock, AR in 1999; Carbondale, IL in 2002; Spokane, WA in 2003; Boise, ID in 2004; and, Salt Lake City, UT in 2004.

4/ The price series for these cities was started at the beginning of the applicable year as follows: Memphis, TN in 1999; and, Boise, ID in 2003.
