Dear Dr. Stephenson:

Upon review of your letter of petition for a delay of the June 22 deadline for your advanced testimony at the July 9th hearing, your request is granted.

It will be sufficient if your report and testimony statement is posted on the CPDMP website prior to July 9 hearing with printed copies available for distribution in the hearing room prior to the time the hearing reconvenes.

This ruling is being sent to the Dairy Division with instructions to post it on their website.
