

Notice of Discontinuation of the Milk & Product Prices Excel Spreadsheet Distribution

Due to changes in office responsibilities and staffing, the final issue of the *Milk and Product Prices (MPP)* Excel spreadsheet will be distributed on June 26, 2015. Dairy Market News staff appreciates the interest and support of those who have received this spreadsheet throughout the past several years. In keeping with Dairy Market News' mission of facilitating the efficient marketing of milk and dairy products, please see the table below, which provides links to federal and state government and academic websites. Information from these links provided much of the data and/or inputs for formulas carried in the MPP. Also, the *Dairy Sites* page on the Dairy Market News homepage, and included in the table below, provides links to additional data sites and fact sheets.
